

## JUNE

'The Posse' hit Bournemouth, at the beginning of the month, for a Magge G weekend. We were stopping at the Carrington Hotel, which has a lovely dance floor downstairs, the rooms were comfortable and smart, and the food yummy!!!

Maggie was her usual bouncy, self and taught at least three dances.' C.T Girl,' which I liked, and taught more or less straight away, once we got back to class. She also did 'I want candy' which Jo and I had already done, I don't like this one so have never taught it!!!! and I can't remember the other one she did, and nor can Jo..... sorry, we must all have gone to the beach!!!!!!

Kim Ray, was also teaching, do remember hers!! she did 'Lovebug', Almaz, and Funky for me. There was another choreographer at the saturday workshop, but we were all having fun in the sun. Even going up on the Bournemouth eye, stunning scenery for miles around!!!!

We had Neville Fitzgerald visit us, for an evening workshop, He was good fun, and not hugely expensive like some choreographers! and he and his partner Julie (no not me!) do write some great dances. He taught three dances 'Nacho Daddy' which we weren't that taken with (not his though, Scott Blevins) 'Get Bizzy' which is more Newline, we liked this one. and an oldish waltz 'If I ain't got you' most liked this one. Nev was a real gent, and has a laid back, cool approach to line dancing (just like me and Jo hee hee!!!!!!)
