Ed Lawton night arrived, & so did the snow!! lots of it!! We had to move back to the Football club as the school cancelled us at the last moment. oh well their loss. Ed still came.., early! Thanks to Auntie Margaret for feeding us all & letting us chill out at her lovely home, Ed is a real gent' & kept us entertained all afternoon! The night was great fun, thanks to all who braved the snow & joined us on the dance floor. Hopefully Ed will be back in september for a rematch surely it won't be snowing then will it?

Fish & Chip night is here again! Friday the 16th of march. Come along & dance the night away, stopping for your chips of course!

Really looking forward to our second Demo Night. If last year is anything to go by, it will be a riot!! Thanks to all of you brave souls taking part. I know some of you are appearing in more than one routine, so the changing room will be chaos again! what with you all dressing & our photographer (Anna) trying to get you to pose & keep still, not to mention the nerves....sorry did I mention the nerves? Good luck to all, & have loads of fun!!

The Sideliners have been invited to Demo again at the Evesham River Festival. This will be our fourth year!! Its a always a good day out, with stalls along the river bank, entertainers, live music, & the local radio (Touch fm) doing quizzess & playing all the popular tunes....Oh & US of course!!! with another stunning Line Dance Display!! In the evening there is a lighted boat parade.Which is a lovely sight. The effort some of them go to is amazing. The day is brought to a close by a wonderful firework display. So if you have never been, here is your chance. Please let me know the dances you would like to do, nothing to hard, cos it is supposed to be fun!
